TUBEX Standard Vine

A high quality vineshelter, the TUBEX Standard Vine safeguards and accelerates vine establishment, and has pre-inserted ties for those situations where secure attachment to a ‘tutor’ is required.

Reliable and strong, the TUBEX Standard Vine provides an improved growing environment resulting in strong early growth, higher survival rates, and uniform growth. The TUBEX Standard Vine also provides protection against animal browsing, accidental herbicide drift and damage from mechanical weeding. Pre-inserted ties are fitted for attachment to a stake, cane or metal rod providing strength and ease of installation.

For an open-able vine shelter consider Tubex Peg-thru.

*Vineshelter longevity is dependent on site and weather conditions but is typically around 3-5 years.
